Dear Parents/Carers,

Evidence for Learning.

At Abbey Hill Academy, we have introduced an app called EFL (Evidence for Learning). It allows us to gather evidence of our students' progress that will help us plan their next steps in learning. This will then allow us to share photos with you to highlight the wonderful things that our students do. It also allows you to comment on their learning.

Please find an attached step-by-step fact sheet that we hope you will find useful in setting up the application. It will also be available on the school website. If you have any difficulties, please let school know and we will endeavour to help.

Your child's information can only be accessed by authorised users (school staff and the parents/carers of each child). In line with our safeguarding policy we ask that nothing from school is entered onto any social media site.

Yours sincerely,

Andrew Pearson (AVP Curriculum Support)

James Stainsby (AVP Walker Building)

4-Capturing Evidence – This is very similar to how you upload evidence using the Parent Portal Website.

Click the + button next to learners and select your child, if you have multiple children at Abbey Hill and the Evidence includes both children, you can select multiple Learners.

Click the + button in the empty box, you will be given two options, Take a Photo/Video or Photo/Video Library. Select the option which you require and then select your photo or video.
