

Abbey Hill Academy
Horizons Specialist Academy Trust

Fairfax Provision

For children with Autism

A specialist Multi Academy Trust catering for children and young people across the Tees Valley.

“Providing infinite opportunities”

Ensuring the best education for our children and young people.

Introduction

Fairfax provision is an 11-16 provision for students in Middlesbrough with autism and moderate learning difficulties. Fairfax Provision is an off-site provision of Abbey Hill Academy in Stockton-on-Tees.

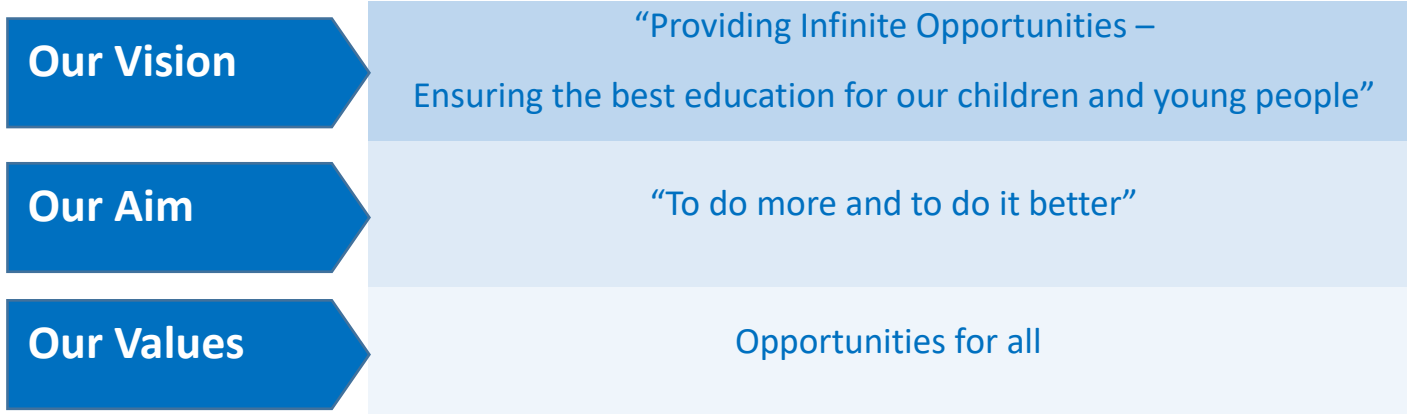

Abbey Hill is part of Horizons Specialist Academy Trust, a multi-academy trust that comprises of *Abbey Hill Academy, Archway Academy, Green Gates Academy, Hollis Academy, The Meadows Academy, Mo Mowlam Academy, Westlands Academy and Woodlands Academy.*

Our Trust's key phrase is **"To do more and to do it better"**. A phrase we live by in everything we do.

Abbey Hill Academy is Horizon's largest Special School, catering for over 350 children and young people with a range of special educational needs including those with MLD, SLD, CLD, PMLD and autism.

Inclusion:

We provide a caring environment where we champion all children and young people, as well as the staff that support them.

Equality:

We are firm in our belief that a child’s future should be defined by their talents and aspirations, not limited by the challenges they may face.

Opportunities to care

Dignity and respect:

We create an environment where all people are accepted, respected, engaged and supported. We are committed to supporting others to ensure the best education and life chances.

Safety and Wellbeing:

We are dedicated to our young people and staff; their physical and emotional well-being as well as their education. We understand that when people feel safe in their environment, their chance of success is greatly increased.

Opportunities together

Working in partnership:

We work in collaboration and partnership with staff, stakeholders and the wider professional and local community. We are proactive and flexible, sharing best practice with others.

Supportive:

We work together, as a family of schools, to achieve the best for our children and young people.

Opportunities for life

Aspirational:

We have high aspirations for ourselves and others. We have a shared vision of improving the life chances of our children and young people and their families.

Personalisation:

We recognise people as individuals and have developed a personalised approach to all aspects of school life so that our children and young people are fully prepared for adult life. We are committed to the training and development of our staff to ensure they are highly skilled.

Our vision and values are realised through an innovative curriculum, which is tried and tested but evolves to meet student needs. The curriculum framework has been developed through in-depth evidence based research and collaborative work between other specialist education providers as well as the Trust's teachers, teaching assistants, families and students.

The provision is overseen by Abbey Hill's leadership team to ensure the excellent practice offered in our Stockton school, is mirrored in our Middlesbrough

Class sizes are small with approximately 8 students in a class supported by experienced staff. Students and families will also have access to the specialist support of the Trust's Speech and Language Therapist, Educational Psychologist and Parent Support Advisor. We also purchase the support of Alliance Psychological Services and an Occupational Therapist and assistant as required.

Our Provision

The provision has been planned to ensure all spaces are Autism friendly, including separate entranceway, individual workstations which are distraction free, a timeout space and a sensory room.

We use a range of widely recognised approaches to support students' needs including TEACCH, SCERTS and Zones of Regulation.

The timetable is bespoke to the individual students to ensure both their educational, health and social needs are met.

Curriculum Intent

Our curriculum intent is based on 3 key principles enabling it to be a community where amazing children do amazing things.

Provide empowering and life enriching knowledge, so our young people can join in and fully contribute to create a fulfilling, healthy and safe future for themselves and others.

To achieve this we will...

- ◆ Provide a wide, varied and sequenced curriculum that meets the needs of all of our students and enables them to participate in everyday activities' leading to a fulfilling life.
- ◆ Provide students with the necessary knowledge and skills so they are able to lead physically and emotionally healthy lifestyles.
- ◆ Provide students with a good understanding of physical, online and relationship safety for now as well as in the future
- ◆ Provide students with subject specific knowledge and skills that will prepare them for their next stage of education and adulthood

The impact of this will be

- ◆ Students make good progress throughout all curriculum areas.
- ◆ Students are able to demonstrate their progress through the external qualifications that they achieve.
- ◆ Students demonstrate that they are able to be safe and seek extra support and guidance when needed.
- ◆ Students will be equipped with knowledge that will help them with life outside of school.
- ◆ Students have a clear route to their next stage of education and have the necessary requirements to achieve this.

Provide a range of experiences, situations and guidance that are focused on preparing our students to enter the adult world as respectful, tolerant, confident and independent young people with resilience, ambition and compassion.

To achieve this we will...

- ◆ Provide a curriculum that enables and challenges students to be knowledgeable, respectful and tolerant citizens
- ◆ Provide a curriculum that enables students to explore and understand the many different aspects involved in being a British citizen
- ◆ Provide a curriculum where students are able to develop their understanding of healthy and safe relationships
- ◆ Provide a curriculum that supports preparation for adulthood and transition to the next stage

The impact of this will be...

- ◆ Students have a respectful and tolerant attitude towards others
- ◆ Students behave well towards their peers and adults both in and out of school
- ◆ Students have an awareness and understanding of the importance of different cultures, beliefs and identities
- ◆ Students are equipped to have healthy and positive relationships
- ◆ Students have a strong understanding about what being a British citizen involves
- ◆ Students are ready and able to move on to their next stage of education or training

Promote creativity, exercise, problem solving and practical skills to ensure students can play an active part in shaping and enhancing their own life experiences as well as that of others.

To achieve this we will...

- ◆ Provide a curriculum where physical activity and wellbeing is supported and promoted
- ◆ Provide a curriculum that enables students to develop their experiences, understanding and skills of a wide range activities that they will encounter in their adult life and potential employment
- ◆ Provide a curriculum that encourages students to use creativity and develop their use of imagination and creativity in their learning
- ◆ Provide a curriculum where students experience a range of education, training and workplace experiences to encourage them to be ambitious thinkers about their future

The impact of this will be

- ◆ Students have the confidence, resilience and skills to participate in a wide and varied range of activities both in and out of the school setting that will prepare them for their future life
- ◆ Students are able to participate in suitable physical activities that meet their needs
- ◆ Students will receive and participate in a wide range of cultural enrichment activities that will increase their understanding and enjoyment of the world around them
- ◆ Students will have a greater understanding of the employment, education and training opportunities available to them in the future and have a variety of skills that can be built upon

Formal Curriculum

Our formal curriculum has been designed to ensure that the knowledge being taught in Key Stage 3 prepares our students, not only for Key Stage 4 and accreditation, but for adulthood. We see the importance of a purely subject specific academic approach for our most able learners so that the complexities of a subject can be explored. We also value the need for a more thematic approach for some students at this level to ensure that knowledge can be experienced as a narrative.

- ◆ English
- ◆ Maths
- ◆ Science
- ◆ ICT
- ◆ Art
- ◆ PE
- ◆ Humanities
- ◆ PSHE
- ◆ Enterprise
- ◆ Music
- ◆ Technology
- ◆ Reading

Key curricular components

Communication & Literacy

This learning area focuses on the development of independent communication skills. Students are supported in all stages of their development in both academic and social communication. Teachers and teaching assistants work closely with our Speech and Language Therapist to set outcomes for students utilising the SCERTS framework.

The following are some of the programmes that students may follow:

- ◆ Social communication-to develop turn taking, friendships, making conversations...
- ◆ Social Stories- used with individuals or small groups to teach appropriate responses to everyday or unusual events
- ◆ Speaking and listening programmes of study from National Curriculum, Entry Level programmes and Functional Skills English.
- ◆ The teaching of writing through the English Curriculum, and spelling and reading through the Academy's reading programme.
- ◆ Outdoor and social learning experiences
- ◆ Enterprise
- ◆ Personal, Social and Health Education (PSHE) including Relationships, Sex and Health Education (RSHE)

$$\begin{pmatrix} 2 \\ +3 \\ \hline 5 \end{pmatrix}$$

Maths

Students at all stages are taught the skills needed to be independent thinkers through a range of activities that include making choices, working independently, co-operating within a pair or group, understanding of self and learning to concentrate and focus in a group setting.

The following are some of the programmes that students may follow:

- ◆ Comprehension-at all levels including inference of texts or pictures through the English Curriculum
- ◆ Problem solving in Mathematics-includes a wide range of practical and mental strategies
- ◆ Enterprise
- ◆ Generation of ideas through technology, art and Key Stage 4 options
- ◆ Opportunities to work and play together throughout the day
- ◆ A knowledge rich curriculum that drives curiosity

Art & Design

Students are taught a range of techniques to develop skills and are given opportunities to enjoy the arts through creating music, song, dance and also using a wide range of art and construction materials. Students have opportunities to perform and celebrate their creativity at school and in the community.

The following are some of the creative programmes and enrichment opportunities for students:

- ◆ The Key stage 4 option structures include a variety of creative courses
- ◆ Music and singing is embedded in daily life
- ◆ Visiting authors, story tellers, poets running interactive workshops
- ◆ Craft activities
- ◆ Tinkering

PSHE

This area of learning focuses on taking care of yourself and keeping safe and healthy. It includes keeping fit and learning to relax, making healthy and safe choices about food and lifestyle.

The following are some of the programmes and enrichment opportunities for students:

- ◆ Cooking and nutrition
- ◆ Personal, Social and Health Education (PSHE) and Relationships, Sex and Health Education (RSHE)
- ◆ Relaxation and mindfulness sessions form part of the day for some classes and techniques to aid positive wellbeing are taught
- ◆ Group and individual sessions for students covering a wide range of topics, including puberty, self-care, friendships and relationship work.
- ◆ Access to staff trained in counselling
- ◆ Interventions for anger management and managing anxiety
- ◆ E-safety is taught through computing sessions as well as whole school assemblies and themed weeks such as E-Safety week.

The world about me

This area of learning may refer to the school community as well as the local area where the school is situated and the home communities of our students. Much learning takes place off the school site and classes make frequent use of the school's minibuses and local public transport to learn in the community. British values of democracy; the rule of law; individual liberty; mutual respect for and tolerance of those with different faiths and beliefs and for those without faith are embedded into learning about "Understanding My World". Where ever possible subjects are taught functionally and through real life experiences.

Other opportunities to learn and understand the world include:

- ◆ Theme days
- ◆ Active learning programmes
- ◆ Residential visits
- ◆ Local visits out of school
- ◆ CEIAG and options event
- ◆ Citizenship
- ◆ Activities with other schools
- ◆ Student voice through tutor sessions, school council and leadership roles within school such as Anti-Bullying Ambassador
- ◆ Science curriculum
- ◆ ICT curriculum
- ◆ Humanities through topics based on historic, geographic and religious themes
- ◆ Special assemblies and participation in events such as Comic Relief & Sport Relief, UNICEF Day for Change and World Book Day
- ◆ Picture News shared weekly in assemblies and tutor sessions
- ◆ Topics and themes to coincide with national and international events

PE

Our physical education curriculum aims to inspire all pupils to succeed and excel in activities that help our students to learn by being active. This helps our students to gain confidence, develop their coordination and movement. Students are supported to make healthy choices about the food they eat in and out of school.

We provide opportunities for pupils to become physically confident in a way which supports their health and fitness. Students are given the opportunity to compete in sport and other activities. The aim is to build character and help to embed values such as fairness and respect.

Opportunities to improve physical health and wellbeing include:

- ◆ Physical Education is taught throughout the school and includes games, athletics, swimming as well as rebound and hydro therapies.
- ◆ Motor skills programmes and access to specialist resources and equipment as advised by Occupational and Physio therapists
- ◆ Local sporting events
- ◆ Fundraising activities and charity events
- ◆ Sensory curriculum, resources and personalised plans
- ◆ The Key stage 4 option structure includes a variety of active courses
- ◆ Outdoor learning experiences

Essential Enrichment and Preparing for Adulthood

All students access enrichment activities on Wednesday afternoons as well as two tutor sessions per week and our assemblies.

Wednesday afternoons are valued by all students and staff. Delivered by our dedicated teaching assistant team, students access enrichment activities driven by Preparation for Adulthood and student voice that take account of individual needs and parent aspiration.

Examples of activities we have offered in the past include:

- | | | |
|-------------------|------------------|--------------------|
| ◆ DIY | ◆ Strategy games | ◆ Jobs in the home |
| ◆ Travel training | ◆ Gardening | ◆ Enterprise |
| ◆ Park visit | ◆ Shopping | ◆ Mindfulness |
| ◆ Dance | ◆ Multi-sports | |

Tutor sessions each week provide opportunities for planning and reflection. Our students benefit from time each Monday to look at the week ahead as a whole school and then in more a more focused tutor group setting. Equally as important is time each Friday to review and absorb all the learning that has happened and celebrate success together as a community.

Preparing for adulthood in a very practical way becomes a focus in Key Stage 4 as students access the academy option structure and take part in meaningful vocational experiences.

Students access up to 4 vocational option subjects in Key Stage 4. We offer our students the very best suite of qualifications to prepare them for adulthood, taking account of their dreams and aspirations. Student voice dictates the subject offer each year.

Vocational option choices together with our personalised PSHE and careers curriculum credit our students with the **Diploma in Skills for Further Learning and Employment; Preparing for Adulthood**.

Options we have offered include:

- ◆ Adventure
- ◆ Textiles
- ◆ Digital Media (Photography)
- ◆ Art, Craft & Design
- ◆ Sport, Health and Fitness
- ◆ Performing Arts
- ◆ Retail
- ◆ Food, Drink and Hospitality
- ◆ Horticulture and Floristry
- ◆ Computing

For our students with Autism it is equally important that we include as many opportunities as possible to develop students:

- ◆ Social communication
- ◆ Social interaction
- ◆ Social imagination / flexibility
- ◆ Sensory processing
- ◆ Emotional understand and self-awareness
- ◆ Learning
- ◆ Independence and community participation

These are interwoven into everything we do and assessed using the SCERTS framework .

All students with Autism and sensory processing difficulties undergo additional assessments to understand their needs, from which the curriculum is adapted and resources are purchased accordingly to ensure all students have access to a curriculum bespoke to their needs.

Qualifications offered

As part of our commitment to ensuring that each child makes exceptional progress from their own starting points we have implemented a robust target and tracking system, so that a student's progress can be mapped out over time and each term teachers will be able to report on how far each student has progressed in terms of meeting specific targets. At Abbey Hill Academy this is a vital tool that ensures consistent high expectation which leads to stronger outcomes.

Fairfax Provision offer a range of qualifications that are available to secondary students. Depending upon the students' starting point they will either be offered Entry Level accredited courses or will access Level 1 and 2 Functional Skills qualifications, which are GCSE equivalent.

The subjects that everyone studies over two years in Key Stage 4 are called CORE subjects. These are:

- ◆ English
- ◆ Mathematics
- ◆ Science
- ◆ Art
- ◆ Physical Education (PE)
- ◆ Ict
- ◆ Personal, Social & Health Education (PSHE)

As part of our preparation for adulthood curriculum, students will be offered these additional subjects:

- ◆ Adventure
- ◆ Art
- ◆ Cookery
- ◆ Photography
- ◆ Sport & Leisure
- ◆ Horticulture

External Recognition

The Academy holds the following Awards and External recognition:

- ◆ Leading Parent Partnership Award
- ◆ Rights Respecting Schools Gold Status
- ◆ National Autism Society Accreditation
- ◆ Anti-Bullying Award
- ◆ Inclusion Quality Mark
- ◆ Investors in People Gold Award
- ◆ Recognised as a MOVE School (**M**obility **O**pportunities **V**ia **E**ducation)
- ◆ ARC Silver Award

The Academy has also won an **SSAT SEND Exceptional Outcomes Award**.
